Testimonial : PMIS Paul Murray Insurance Solutions

I am able to highly recommend the services of Paul Murray of PMIS without hesitation.

I have had an insurance premium set up by Paul for my business which included areas of work which other insurance companies did not understand or want to cover. Paul made every effort to both ensure the insurance covered my requirements and also to give me a saving of over £50 on other quotes I had received.

The level of service and communication from Paul was excellent.

I am happy to back this testimonial up with a verbal reference if necessary and can be contacted on the numbers below.
